Scholarships for Physical & Occupational Therapy Students

Disclaimer:

Scholarship Sharing has posted all information from public sources including the internet, libraries, and foundations. The information posted has been screened for legitimacy by checking the scholarship’s background and long term standing, however please be aware that Scholarship Sharing cannot be held liable in the event of a scholarship being a scam. Please apply for scholarships with caution and use your own judgments when completing applications.

Please read these quick tips to spot a scam:

1. Money flows to the student only. Reputable scholarships never charge you to apply.

2. Asking for membership to an organization is not the same paying to apply for a scholarship. Check the history of the organization, their membership benefits, and make sure their payment method is secure. Never pay in cash. Always get a receipt for proof to dispute a charge with your bank if needed.

3. Guarantees = lies. No scholarship is a guaranteed win.

4. Do not apply if the scholarship application is asking for non-relevant personal information. For example: maiden name, pet name, first school you attended, email password.

5. Leave a website immediately if they claim they have exclusive scholarships. Legitimate scholarship search engines or foundations always post scholarships which are public to others.

6. Be aware of the scholarships you applied for. Consider using our tracking sheet, if you want one you can download it at the top of the Aid Database page! Don’t ever send back information or money if you receiving letters of potential awards you don’t recognize or remember.

Scholarships for Physical & Occupational Therapy Students

We worked really hard to put together this list of scholarship opportunities! To ensure we understood the differences we did a little research on the professions and here is what we learned:

The physical therapy profession (also called ‘physiotherapy’ in many parts of the world) tends to be more focused on evaluating and diagnosing movement dysfunctions as well as treating a person’s injury itself. While an occupational therapist will often also do diagnosis, the physical therapist will be more likely to diagnose and treat the physical source of the problem; the injured tissues and structures.
Occupational therapists often will directly treat injuries, but more even often occupational therapy focuses more on improving life skills and incorporating adaptive tools at times customized by the therapist.

As compared with Physical Therapy, occupational therapy tends to focus more on evaluating and improving a person’s functional abilities. An occupational therapist often does not directly treat a person’s injury using techniques such as manual therapy or acupuncture like a physical therapist would but more commonly helps a person optimize their independence and their ability to accomplish their daily activities following an injury or in situations of physical impairment.

Virginia Occupational Therapy Association

http://www.vaota.org/Student-Scholarships

Deadline: Currently closed. Last deadline was May 6, 2016

VOTA awards scholarships to second year OT and OTA students each year at the VOTA conference. Students must be a member of VOTA and apply for the scholarships during their first year of OT school. The OT Graduate Award and the OT Assistant Award are $1000 each. Two additional scholarships are also available: The Barbara Howard Scholarship which is $400 with a bonus of $100 if you take a position in the Tidewater area after graduation; The Kirsten Akehurst Scholarship is $500 and is awarded to a student of the Jefferson College of Health Sciences.

The OT Graduate Award is a $1,000 scholarship awarded annually to an entry level graduate occupational therapy student. This scholarship is based on scholarly, leadership, and humanitarian qualities that OT students bring to their future profession. Requirements include a student essay, faculty endorsement, and at least one faculty letter of support/recommendation.

The OT Assistant Student Award is also a $1,000 scholarship given annually to a student enrolled in any Occupational Therapy Assistant Program within the Commonwealth of Virginia.
This scholarship is based on scholarly, leadership, and humanitarian qualities that OT students bring to their future profession. Requirements include a student essay, faculty endorsement, and at least one faculty letter of support/recommendation.

**Barbara Howard Memorial Scholarship:** Barbara Howard’s commitment to excellence was exemplified in both her professional and private lives. She maintained a quality of life that was an example for all who had the good fortune to know her. Barbara believed that physical and emotional challenges were opportunities to strive for quality of life. She derived her greatest satisfaction when her technical expertise and human relations skills combined to enhance the quality of life for those with whom she interacted. Those who knew her admired her compassion and organizational ability. Whether she was communicating with her client, a professional cohort, family, or close friend Barbara exhibited a warmth and genuine concern for the well-being of others. She shared her time and her knowledge freely. Her active participation in local, state, and national OT associations was indicative of the commitment she had to her profession. Barbara never rested on her success. She actively sought more knowledge to enhance her ability as an Occupational Therapist. She continually achieved her goals and set new ones in order to provide her clients with the quality services she believed they deserved. Barbara Howard chose to live and to work by a value system which put the emphasis on “Living with Dignity” and she made the best of any situation. She was committed to attracting the best and brightest OTs to the Tidewater area. She established a fund to provide scholarships to students, and added a $100 bonus to those scholarship recipients who chose to work in the Tidewater area upon graduation.

Physical Therapist & Occupational Therapist Scholarship

http://lambergoodnow.com/scholarships/

Deadline: December 1, 2016

Physical therapists and occupational therapists have one of the most important responsibilities in the healthcare industry: going through the day-to-day efforts of helping people rehabilitate and get back into life.
This work can be challenging on many levels. The specific exercises and programs themselves must be executed properly. Equally if not more important, however, is that physical and occupational therapists must be motivators for their patients. This rare combination is hard to find. When it happens, patients improve and their lives get better. We hear this time and again from our clients. This is why we want to see the highest-caliber people who are passionate about health care entering the field.

One $1,000 Scholarship Award

Eligibility criteria for applicants:

1. Must either be applying for a physical therapy or occupational therapy academic program for enrollment the following year or currently be enrolled in this type of program and remain enrolled through the following academic year.

2. Essay submission must be received by December 1, each year.

Your essay:

- Submit a 500- to 750-word essay to scholarship@lambergoodnow.com by or on December 1, each year.
- Tell us what drives you and why you want to pursue a career as a physical therapist or occupational therapist.
- We will choose finalists whose essays may be posted on our website and voted on via social media likes, shares, tweets and +1s. While this may have some influence on the eventual winning essays, it is not the sole basis of our final decisions.
- One individual will be awarded a $1,000 scholarship for education expenses at a school of their choice.

Other application information:

- Include your name, email address and phone number in your email.
- If possible, attach your essay to the email as a Microsoft Word document, including your name, email address and phone number at the top of each page.
- Attach your most recent school transcript and proof of school enrollment.
- Submitting your resume or CV is optional.

- Accredited by the Accreditation Review Commission on Education for the Physician Assistant and the affiliated school must be accredited by a U.S. Department of Education nationally recognized regional or state institutional accrediting agency
• Leading to national certification by the National Commission on Certification of Physician Assistants.

Student must be attending a school located in a state, the District of Columbia, or a U.S. territory. Eligible schools and educational programs for which scholarship support is provided must be in a state (includes the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, the Territory of Guam, the Territory of American Samoa, the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia). Students attending schools outside of these geographic areas are not eligible for NHSC scholarships, even though they may be citizens or nationals of the United States.

Students must also be eligible for federal employment. Most NHSC scholars should expect to serve their obligations as a salaried, non-federal employee of public or private entities approved by the NHSC SP. However, there may be vacancies that require federal employment, including a security clearance. In light of the potential for federal employment, an applicant must be eligible to hold an appointment as a Commissioned Officer of the Public Health Service or be eligible for a federal civil service appointment.

www.cbcfinc.org/scholarships

Answers to Frequently Asked Questions:

http://www.cbcfinc.org/scholarships/scholarship-faqs/

Deadline: Currently closed. Last deadline was May 20, 2016

Seeing an educational need in their congressional districts, the CBC Spouses Education Scholarship was established in 1988 by the spouses of Congressional Black Caucus members in response to federal cuts in spending for education programs and scholarships, which disproportionately affect people of color. This scholarship awards scholarships to academically talented and highly motivated students of all majors who intend to pursue full-time undergraduate, graduate, or doctoral degrees. Selected applicants will be qualified African-American or black students.

For this scholarship you do not need to be a member of a CBC district.

Answers to Frequently Asked Questions:

http://www.cbcfinc.org/scholarships/scholarship-faqs/

Deadline: Currently closed. Last deadline was Feb 28, 2016

This scholarship was established in 1998 to increase the number of minority students pursuing degrees in the fields of medicine, engineering, technology, nutrition, and other health-related studies. In collaboration with CBCF, CBC district offices work with local scholarship committees to select scholarship recipients. Since the inception of the program, General Mills
has invested more than $1,000,000 to underwrite this initiative. The CBCF General Mills Health Scholarship has served hundreds of students over the years, and has helped to create leaders in the medical and health related fields. Selected applicants will be qualified African-American or black students who reside or attend school in a CBC member district.

How do I know if I live in the district of an African-American member of congress who is a member of the CBC?

Visit [http://www.house.gov](http://www.house.gov) and type in the zip code for your permanent or school address to determine your U.S. Representative. Afterwards, visit this page to determine if they are a member of the CBC.
